

WARNING

Viewing and interacting with our Virtual Reality (VR) demos is at your own risk!

Usage of a VR headset, like the HTC Vive or Microsoft HoloLens, isn't suited for everyone. Some people experience negative physical and/or mental reactions when viewing, experiencing or interacting with a virtual 3D world.

Don't interact with these demos, if:

- You have known eye/or vision problems
- You are sensitive to visual stimuli, like light flashes
- You are younger than 12 years of age

Immediately remove the VR headset from your head in case of:

- Eye strain
 - Headache
 - Nausea
 - Vertigo / loss of balance
 - Disorientation
- ... or any other form of discomfort

**In general, most users have a very positive experience.
We hope you enjoy our demonstrations!**

SURF is the collaborative ICT organisation for Dutch research and higher education. SURF offers scientists, students and lecturers in the Netherlands access to the best possible network, data storage and compute resources and technical advice and support.
